EXCITING FASHION WIG LEAGUE AT ALBANY BOWL

Would you like a wig? Do you like to bowl?

Women in the area can do both by joining the new "Fashion Wig League" at Albany Bowl, 540 San Pablo Ave. It begins next Monday.

According to owner Bill Lacey, this newest opportunity for women bowlers is for everyone from rank beginners to pros. Everyone who participates in the 32-week session from 1 to 3 p.m. each Monday will receive a \$165 imported 100 per cent human hair with hand-tied crown, case and head block. One of the wigs to be given away will be on display at the Bowl.

Lacey plans to wind up the League season with a dinner where each bowler will receive her already-styled wig. Each woman may have her choice of color from a wide assortment of 39 shades. The wigs will be styled locally.

There will be free instruction

for beginning bowlers. Entries are limited. Entry blanks are now available at the Bowl. The first meeting will be next Monday, July 25. Organization will be at 12:30 and bowling will begin at 1.

The entry fee, which covers the cost of the banquet and trophies, is \$3. Thereafter the cost is \$3.50 per week. Three games will be played each week.

According to Lacey, early response has been tremendous. Women who have heard of the offer are lining up three friends to form a team or entering as individuals. Everyone is welcome, he stressed. Nursery services will be provided for young children.

Trophies will be awarded at the end of the season for first and second place teams plus trophies for high series handicap and high game handicap.

June, 1966, Permits Exceed Those of '65

City Director of Public Works James B. Turner has announced that building permits for June, 1966, were \$172,029, as compared to \$133,167 for the same month last year.

The overall total for the first six months of 1966 is about half of the same period for 1965, however—\$700,438 for this year and \$1,447,884 for last.

Included in the total for last month were a triplex at \$66,775 and dwelling at \$65,000. Twenty-three residential alterations totalling a permit value of \$30,305. Other miscellaneous new structures and alterations made up the balance, Turner reported.

Albany Family 'Adopts' Filipino Youngster

Mr. and Mrs. Lewis Iscol, 1345 Washington Ave., Albany, have financially "adopted" Melinda E. De Borja, an eight-year-old Filipino girl, through Foster Parents' Plan, Inc., 35 Park Avenue South, New York, N.Y. 10010.

The "adoption" is financial not legal and costs \$15 a month for a minimum of one year. Upon receipt of the first payment the foster parents receives a photograph and case history of his child. Every month the child writes to his "Dear Foster Parent" and the foster parent writes to the child. Plan transmits original and translation. Before long there is a warm personal relationship. The child wants to know all about the foster parent—his family, his community and his country. In turn he tries to describe his own family and way of life.

Here are excerpts from a letter sent to the Iscols:

"The wonderful adventure of the traditional 'picture-taking' ceremony is the most exciting event Melinda has ever experienced. A shy, conscientious child, she is delighted with the opportunity to attend the first grade of elementary school.

"Melinda lives with her mother and brothers, Generoso (11), Rolando (5), Ruperto (4) and Federico (1½), in a fishing village about 19 miles from Manila. Fortunately they own a little hut made of bamboo and scrap lumber. It is elevated on wooden pilings about four feet off the ground. During the torrential rains, the unpaved streets turn to seas of mud and become perfect breeding grounds for hordes of disease-carrying mosquitoes. Their only furniture consists of a small table and a few benches. A homemade kerosene lamp is used for light and water must be carried from the public artesian well.

"The child's father died of a heart attack on April 17, 1965. The mother, uneducated and untrained, must support her children as best she can. She works as a laundress for the pitiful sum of 60 cents a day. On the days when there are no dirty clothes to wash, there is no food on the table.

"Plan aid provides a monthly cash grant of \$8 plus clothing, supplies and special medical care. The encouragement and discreet guidance of social workers and director are also available. Your personal "adoption" of Melinda assures her that her education will not be interrupted. The warmth of your friendship gives this eager child and, indirectly, her entire family reason to hope that the future will be better than the past. Your generosity lets in the light of learning to replace the darkness of ignorance. They need and appreciate your help."

"Providing gracious facilities that more than meet the needs of families and friends."

Council Request

Albany Citizens Asked To Submit Names For Young American Medals

A communication from Governor Edmund G. Brown was read at the regular session of the Albany City Council Monday night and referred to the citizens of Albany.

The letter stated: "I am writing you about the 1966 program of Young American Medals for Bravery and Service which are awarded annually by the United States Attorney General through an act of Congress in 1950. The act requires that Governors of states, territories and possessions nominate the youngsters."

The letter gave the requisites

for nomination. Nominees must have performed their acts of service or bravery during 1965 and prior to their 19th birthday. Nominations must be accompanied by the following information:

Sen; reports from City Administrative Officer James Turner donations received for the Center fountain (Council motion that letters of thanks be sent donors); request of engineer firm be retained for designing street projects, status of San Pablo Avenue lighting (target date Dec. 1) and the report on the St. parking on which the Planning and Zoning Commission Traffic and Safety reached different conclusions. On the last Council voted 3-1 to leave the motion as it is for the present. Dissenting vote: Councilman Joseph Carlevaro.

Resolution No. 66-55 authorizing the Fire Department to rehire part-time employees in weed burning program was passed by unanimous vote.

Vice-mayor Egenberger presided during the session which adjourned at 8:50 p.m. Mayor Richard Clark is on short military leave.

John Earnest Hankins. The daughter of Mr. and Mrs. William E. Llewellyn of Albany, Sally was escorted to the altar by her father.

The bride wore a floor-length gown of white peau de sole with chapel train, short sleeves and round neckline. Her elbow-length veil was decorated with pearls. She carried a bouquet of white roses and stephanotis.

Three attendants preceded Sally to the altar, all dressed in identical long gowns of pastel blue. Small net headresses were topped with tiny crowns. Matron of honor was Mrs. Jeffery Lutz. The two bridesmaids, Mrs. James Maddox and Mrs. William W. Llewellyn, sister-in-law of the bride, carried old fashioned bouquets.

Best man was Robert Barr of Lafayette. David Llewellyn of Hayward, uncle of the bride, and William W. Llewellyn, brother of the bride, shared ushering duties.

The bride's mother wore a two-piece ensemble of pink brocade with pink accessories. Her corsage was a white orchid. John's mother chose a two-piece outfit in light green with black accessories and also wore a white orchid.

Sally is a graduate of Albany High school and attended Armstrong College in Berkeley. She is currently employed by the City

of Berkeley in the Health Department.

John is the son of Mr. and Mrs. L. R. Hankins of North Haven, Conn., who flew here for their son's wedding. They have been guests at the Llewellyn home. John has been attending Merritt College and working for the Oakland Tribune. He has a scholarship to the University of California in Santa Barbara.

Following the wedding the couple greeted about 100 guests at a reception at the Hotel Claremont.

For traveling to Yellowstone Park, the bride changed into a three-piece suit of off-white with pink accessories and wore a corsage of baby pink roses.

The young couple will live in Santa Barbara.

Albany High School Football News

Over 100 local high school boys will be reporting for football practice at Albany High school in about a month. Even now it is possible to see many of the more dedicated boys running and doing other forms of exercise in order to get into good condition and to toughen themselves for the coming season.

The gym at the high school is open three days a week: Mon-

day, Wednesday and Thursday, from 11 to 4. This is an excellent opportunity for boys to get in shape or just to visit with Coach Hoyle and discuss the coming football season. In fact, anyone who wishes to use the gym is welcome. It is open for students of all ages and adults, as well as for football candidates. There are facilities for volleyball, basketball and other sports.

Maples-Lindsey Vows

Mr. and Mrs. Eldon Glenn Lindsey
(Alice Marice Maples)

One of the prettiest weddings of the season was the June 4 nuptials uniting Alice Marice Maples, daughter of the Rev. and Mrs. Joseph Maples, and Eldon Glenn Lindsey in rites at the Concord Bible Baptist Church where two pastors solemnized the couple's

the Rev. Joe Maples, associate pastor and father of the bride, participated in the ceremony. Preceding the couple's vows Wilmer Holweger sang the "Lord's Prayer" and Mrs. Doyle Morris sang "Whither Thou Goest" and "Blind Us Together," accompanied by Miss Doyle Morris at the piano.

Carnations, gladioli and chrysanthemums, with tall candelabras marking the front pews and altar were an effective setting for the double-ring ceremony.

Preceding the matron of honor, candles were lighted by Danny and David Morris.

Mrs. Joe Bullock, a friend who attended high school and college with the bride, served as matron of honor. Mrs. Bullock wore a shocking pink organza over taffeta dress designed with a high waist with bow and streamers down the back. She wore long white gloves and her shoes matched her dress. A tiny tier veil was held by a bow matching the bow on her dress. She carried an unusual arrangement of three long stemmed white roses with white bow and ribbons.

The bride was radiant in a gown of floor length silk organza over taffeta with tiny bows marking the fitted waist line and designed with a panel train. A silk organza rose held her hand rolled silk illusion veil which fell to her shoulders and she carried her white Bible opened to the Book of Ruth, Chapter one, verse 18, from whence came her song, "Whither Thou Goest," on which was placed a cascade of butterfly orchids, stephanotis and tiny ivy. For something old the bride wore a ruby and pearl ring that had belonged to her grandmother and for something new a watch given her by the bridegroom as a wedding present.

For her daughter's wedding, Mrs. Maples was attired in a light beige illusion lace pattern

Leadership Development

Marilyn Senior, left, and Linda Cross has taken as its theme, "There are no frontiers for the Red Cross," and that youth can act as the bridge crossing all differences; that there must be a promotion among all youth of the ideals of peace, of mutual respect and of understanding among people. At the UN this year, not only was it declared that "Youth is Tomorrow's Strength Today," but it emphasized the right of young people everywhere to live and grow in an atmosphere of peace, mutual respect and understanding. This forms a background for discussions that will be held at the "LDC"—quite a difference from "LSD" and its attendant problems.

This year the International Red LDC (Leadership Development

Camp) is from July 17 to 24. It will feature speakers and adult-led, as well as student-led discussions, with swimming, hikes, picnics and student entertainment relieving the seriousness of their conference sessions. This is a rewarding rich experience for the young person and is one of the activities provided by the funds raised by Red Cross Youth in their local schools.

SENIOR CITIZENS

846 Masonic Ave.

Anyone who missed the potluck dinner Sunday, July 10, missed a real feast.

It was served smorgasbord style from one long table with diners seating themselves around three long tables. There was more than ample food for "seconds." Hot dishes, fried chicken, hot rolls and butter, a variety of salads, cakes, pies and coffee made by Herb Healey. Tena Gregory was overall chairman.

Bill Savage Named by Firm

The appointment of William F. Savage, El Cerrito, as a registered representative of Waddell & Reed, Inc., national distributor of the United Funds group of mutual funds, has been announced by the firm's headquarters in Kansas City, Mo.

Savage is head of the Counseling and Guidance department at Albany High school. He also has served as head football and track coach and teacher at the school. He is a graduate of Nebraska State College, where he received his bachelor's degree. He also holds a master's degree from Colorado State College.

Savage is a former member of the Board of Directors of the Albany Lions club.

Sunday morning services are at 11 a.m. and the Wednesday evening meetings are held at 8 p.m. The Sunday school convenes every Sunday morning at 11 a.m. Everyone is cordially invited to come to the Sunday morning services and the Wednesday evening meetings, and all children are invited to come to the Sunday school, where they can learn more about God and His love for man.

Carl Williamson as speaker on the subject: "Will the darkness of the world give place to the dawn? Yes—Man is meant to be the bearer of the eternal light!" Congregational singing will include these hymns: "Let the Lower Lights be Burning," "Walk in the Light," and "We've a Story to Tell to the Nations." Mrs. Katherine Louie will be the organist, with prelude, offertory, anthem, and postlude music for the worship hour.

CARDS WIN

The Albany Lions Club Cards won their third game in the two out of three games series play-off Saturday with Matt Gray pitching both winners.

The Dodgers, winners of Albany Little League's National League second half of the season, gave the first half winners a tough time after winning the second game of the series and having the opportunity to take the third. But after having come this far the Cards just wouldn't give in and took the National League pennant two years in a row.

Gray pitched Tuesday's and Saturday's games and Terry In-serra pitched on Thursday. For the Dodgers, John Van Coops, who struck out more men and walked less than his opposition, pitched Tuesday and Saturday and Bob Onweller and Lenny Patterson made up the pitching staff for Thursday.

FORMER ALBANY WOMAN IS COMPOSER OF SONGS

(Albany resident Tom Conroy submitted this clipping from the Contra Costa Times concerning Mrs. Mary C. Delamater, who with her husband, formerly lived at 911 Madison. During the 15 years they lived in Albany, Howard Delamater was a member of the police reserves. Ed.)

"I do not think it possible for me to exist without music. I've had it around me all my life," said Mrs. Mary C. Delamater, Lafayette, housewife-turned song writer.

Mrs. Delamater began writing music four years ago as the result of a serious automobile accident in which she was involved.

"The auto accident five years ago provided the time and the necessity to find a reason to go on, a deep interest to keep me absorbed as I sat in the wheelchair and graduated finally to braces and then to crutches."

She has written 29 songs in the last two years, all of which have been published and copyrighted. Two country and western tunes,

"Wailing Wind," were inspired while she was on a trip to Colorado. They were both recorded in March, 1966, on the Atomic Records label, which Mrs. Delamater owns.

Although she has only taken to song writing recently, Mrs. Delamater has been associated with music all her life. She has never had any professional training but has learned music on her own over the years.

Trained as a school teacher at Florida State College, Mrs. Delamater has spent most of her teaching years helping blind children and handicapped individuals. It is through her work with blind pupils that she first realized the importance of sound and mu-

sic, and saw how much music meant to their lives. When involved in her accident she was left partially deaf and temporarily blind. She then turned to writing music, finding that it absorbed her time and presented a challenge.

"I had studied several languages during my high school and college days and loved it, but there were so many languages in the world, so many ways the people of the earth twist their sounds into their particular language to mean the same identical idea as another group of people. Here was something universal, sounds into patterns all men could understand. Now I know that is not original—music a universal language—but it really

impressed me for the first time. Although Mrs. Delamater's song writing is mainly country and western and religious, she has written waltzes, wedding melodies, and is now working on a rhythm and blues number.

She likes to stress the fact that she writes music about things she knows firsthand, such as her religious songs, which are inspired by her strong religious background.

Her enthusiasm for music is as self-evident as her radiating warm personality, generated to those she meets. "I've never had anything I like as much as writing music, not even teaching."

A native of Florida, Mrs. Delamater moved to Albany, Calif.,

in 1949, and has been teaching in a private school for the handicapped children. It was while moving that she became involved in the accident that ended her life.

Mrs. Delamater's husband Howard was an immigration inspector in San Francisco, and her move was through her work that she became involved with music. Her two sons played over several years in the Bay Area.

MEDICARE

(A Series)

The hospital insurance part of the Federal Medicare program is designed to cover the major expenses a person has when he goes to the hospital. The only cash payment for hospital services is the initial \$40.00. There are, however, limitations on what Medicare will pay for the hospital and there will be a situation where the hospital coverage runs out before the end of the spell of illness. Everyone who has this medical coverage should be aware of

these limitations. The list which follows points out what is and what is not covered by the law.

Inpatient Hospital Service

Hospital insurance will help to pay for your care in a hospital for up to 90 days during each spell of illness.

Dollars and Cents

Each spell of illness provides for 90 days of hospital type services. For the first 60 days, the insurance pays for all but \$40 for the covered services you receive. From the 61st to the 90th day you have to pay the first \$10

What Hospital Insurance Covers Room and board in a semi-private room (2 to 4 beds in a room).

Nursing services ordinarily furnished to the hospital's patients.

Supplies, appliances, and equipment ordinarily furnished to the hospital's patients, such as splints, casts, wheelchairs, crutches, etc.

Blood transfusions, except for the cost of the first three pints of blood in one spell of illness.

Medical services ordinarily furnished by the hospital.

Therapeutic services ordinarily furnished to the hospital's patients, such as X-ray or radium treatments.

Operating room costs. Drugs and biologicals ordinarily furnished to the hospital's patients.

Diagnostic services ordinarily furnished by the hospital to its patients. For example, blood tests, electrocardiograms, etc.

Services of hospital residents and interns who are in approved training program.

What Hospital Insurance Will Not Cover

Private room, unless it is medically necessary—ordinarily only when the patient's condition requires him to be isolated (otherwise you pay the difference).

Private duty nurses, unless they are absolutely needed for your medical recovery.

Cost of first three pints of

blood (transfusions will not charge for pints replaced by donors). Physicians' and surgeons' services. (Medical insurance helps pay doctor bills.) Personal comfort items, such as radio and telephone charges, TV rental, etc. Hospital service after 90 days in a spell of illness. Anyone who has a question as to whether a particular item is covered should ask the Social Security District Office. Another one of the terms that people covered by Medicare should know and understand is the "extended care facility." We will talk about that in the next article.

Oakland Lodge 3, Independent Order of Odd Fellows, will honor Dr. Claude A. Porter, District Deputy Grand Master of District No. 64, on his first official visit to the lodge Wednesday, July 20, at 8 p.m. at 410 Eleventh St., Oakland. He will be escorted by his Marshal, C. S. Spainhower. Delegations from the other lodges of the District (Berkeley 270 and Fountain 503) will be the guests of the lodge.

ON CARRIER

Boilerman Third Class John E. Gomez, USN, son of Mr. and Mrs. Mike E. Gomez of 1065 Talbot Ave., is serving aboard the anti-submarine warfare support aircraft carrier USS Randolph in the Eastern Atlantic.

SENIOR CITIZEN TALENT SEARCH AT STATE FAIR

A search for California's outstanding senior citizen talent will get underway Sept. 6 at the California State Fair, running Aug. 31-Sept. 11.

According to Harrold R. Harper, State Fair director of special events, the date has been designated "California Senior Citizens Day" and will feature the grand finals of the California talent search. Non-professional entertainers

60 or more years of age will try out in preliminaries to the State Fair finals through the summer. Harper said, under arrangements made at local senior citizen centers in each of the state's counties.

He affirmed that the State Fair's annual "California Senior Citizens Day" draws visitors from throughout the state. Recognizing the special day's popularity, State Fair officials have reduced Sept. 6 grounds admission fees to half price for senior citizens.

Letters

Dear Editor:

I am a Japanese girl. I am 15 years old. I would like very much to have a friend of my own age in your country. I am writing to you in the hope that you may be able to help me get in touch with a young person who may wish to have a pen friend in here.

What I would like to do is to exchange information and views about school life and daily life and to swap stamps, picture postcards or even things made at school. Writing and reading in English will be very helpful to me in studying the English language. So I will try hard to be of use to my friend in any way that I can to make up for this extra benefit to me.

I got the idea of writing to a newspaper editor from the Youth Council for International Contact at 20, 1-Chome, Jimbo-cho, Chiyodaku, Tokyo, Japan. This organization, of which I am a member, has thousands of student members all over Japan and tries to promote international friendship and understanding.

I am very much in favor of this aim and I think I can help to make this a peaceful and friendly world by being a good friend to someone in another country. I will be very grateful to you if you can help to put me in touch with someone who wants to do the same.

Sincerely,
MITUKO SHIMIJU

Editor, the Times:

The Albany Chamber of Commerce and the manager of Mechanics Bank, Mr. Nelson, are to be congratulated for their plans to purchase works of art for our new city buildings at the Albany Art Festival and Merchants Bazaar. This, I'm sure, will be a great incentive for our local artists to enter the competition.

I would like to withdraw my name from the Art Committee in order to be eligible to compete for this award. However, I appreciate being asked to serve.

Also may I take this opportunity to thank all those who work so devotedly on the various committees to make the Festival the success it has been.

Sincerely,
LAURA A. FOSTER

Fire Plug

One of the services of the Fire Department that is not generally known by the citizen is the Radiological Monitoring Service.

This service is to gather and compute intensities of fallout from an explosion of an atom bomb. This is very useful in today's use of radioactive materials in industry. Accidents have happened on the highways where this material has been spilled from transporting trucks.

Firemen must also know how to operate these detecting devices when entering certain areas under emergency conditions where radioactive materials are used in production purposes.

All Albany firemen are trained in the use of these devices for emergency purposes. Captain Raul Miranda is in charge of instruction in the use and application of the monitors and has taken many refresher courses to keep practices in the use of these instruments updated.
